..... DISTRIBUTION COMPANIES
• PRODUCTION COMPANIES

Experience, creativity, and the will to progress
make the RG group a European leader in design,
manufacturing and distribution of PPE. Over 600 men
and women work today in the RG group. Our motto::

P R O T E C T M A N A T W O R K

Since their founding in 1987, the RG group has rapidly grown to become one of the leaders in Personal Protective Equipment (PPE) in France. With a growing number of sites outside of France, one of the RG Group's key objectives is to become a major distributor in Europe. Originally a distributor, the RG group has expanded to design and manufacturing, and now markets original PPE's under the brand name

MIDITECH

The PPE offered by the RG Group

More than 3,000 references covering every field of personal protective equipment are presented in this catalog in five main chapters.

Head protection

Hand protection
& protection of the upper members

Foot protection
& protection of the lower members

Protective clothing

Protection in the operator's
immediate environment

In an increasingly complex world of work, research and development of specific articles becomes necessary. The RG Group has the know-how and means to produce specially-adapted products

The RG Group distributes a comprehensive range of products, the origins of which are completely transparent and traceable. Under the brand name ERGOS are PPE's manufactured, designed or specified, and tested by the RG Group in the following sectors:

EYEWEAR AND FACE PROTECTION
GLOVES
SAFETY SHOES
CLOTHING

In partnership with great PPE makers, most of them world leaders in their fields, the RG Group brings users the highest levels of competitiveness.

 PROTECTION RESPIRATOIRE, ANTI-BRUIT, ENVIRONNEMENT	 GANTS DE PROTECTION	 GANTS COTTES DE MAILLES	 HEAD PROTECTION TECHNOLOGY CASQUES

 CHAUSSURES	 CHAUSSURES	 DETECTION DES GAZ	 PROTECTION CUTANÉE
 PROTECTION ANTI-BRUIT	 PROTECTION ANTI-BRUIT	 PROTECTION ANTI-BRUIT LUNETTES DE PROTECTION, CASQUES	 LUNETTES DE PROTECTION
 CASQUES	 CHAUSSURES	 SYSTEMES DE PROTECTION ANTI-CHUTE	 PROTECTION RESPIRATOIRE
 VÊTEMENTS DE SIGNALISATION	 ESSUYAGE		

To satisfy PPE users, the RG Group also calls on a number of specialized manufacturers.

the RG Group and its services

RG GROUP SERVICES RELATED TO PPE

For strategic purposes, companies using PPE are tending to want to refocus on their core business. They are seeking to outsource their stocks and corresponding logistics and to automate procurement management while demanding that products be available and information provided in real time. Moreover, when they have several sites, they expect their suppliers to have a global and uniform system. The RG Group is structured to meet these needs.

RG GROUP AGENCIES

Each agency covers one geographic area and has its own sales and logistics teams. The logistics team manages PPE stock according to terms agreed with each customer. Nevertheless, all of the RG Group's means, including stocks, may be mobilized to meet any urgent needs arising to due surges in demand , accidental phenomena, bad weather, etc.

THE ADAPTABILITY OF THE RG GROUP

Every RG customer is free to express their needs for type of PPE, stock levels, delivery requirements (eg dates, packing instructions), special procedures, communication, feedback and statistics. Following a study, a solution will be found.

THE QUALITY OF THE RG GROUP

The RG Group is certified ISO 9001 2000. Compliance with this standard reinforces our procedures and ensures durable quality.

THE RG GROUP'S INFORMATION SYSTEM

The RG group has a unified ERP application: SAP R3-4.6-MySAP.COM, which is very open to new e-business technologies. This system rounds out our offer of guided services and can be effectively used for projects involving e-procurement, electronic marketplaces, and electronic data transmission via the internet.

SEVERAL YEARS' RICH AND VARIED EXPERIENCE IN E-BUSINESS

- A dedicate e-business team.
- Electronic catalogues hosted at customer sites or at marketplaces (CC-Hubwoo, Quadrem, Ariba, AchatPro) since 1999.
- Orders received via automatic integration (EDI, Xml...) or traditional means (e-mail, fax...).
- Expertise in electronic billing.
- An internet site, www.groupe-rg-online.com, with private catalogs allowing orders to be entered online.

PPE TRAINING AND AWARENESS PROGRAMS

For intra company PPE events (training sessions, awareness meetings) the RG Group offers specialized trainers and custom training modules to ensure complete user satisfaction. We can provide our customers with a range of media to raise awareness of the need for PPE and train employees on wearing them: booklets, exhibition equipment, videos, posters, CD ROMS...

The RG Group and Europe

Located in France, Germany, Belgium, Poland, the Czech Republic, Slovakia, and Hungary, the RG Group can harmonize services among these countries.

CONTENTS
